Colin Harkness

Junior Web Developer

+61 417 765 728 | colin.harkness@gmail.com | colinjh.github.io | au.linkedin.com/in/colinharkness

summary

I am passionate about technology and love solving problems.
I am pursuing a career in web development following my employment in a tech startup, as I thrived in the fast-paced environment and collaborating with developers.

education

Web Development Immerseive

General Assembly, November 2015 to February 206

I have successfully completed General Assembly's Web Development Immersive (WDI) course. WDI was a 12 week intensive program which taught me the necessary skills to pursue a career as a Web Developer.

skills

Key Skills

Problem analysis, problem solving & adaptability. Ability to work under pressure & to deadlines. Strong communication skills.

Software Skills

HTML5, CSS3, JavaScript, jQuery, Underscore, Backbone.js, Ruby on Rails & Github.

experience
